Soft-Touch, Non-Slip Handle Insert

Unique One-Hand Operation Latch

Ergonomically Contoured Handles

Opening Maximizes Handle Leverage

- The handle opening of Malco's REDLINE gripped tools maximizes the powerful leverage of compound head-to-handle linkage while providing a more comfortable operating range for your hand.

- Ergonomic handle contours with an over-molded, non-slip handle insert assures a natural fit and feel for the way you work.

- Easy one-hand-operation, including an easy open and close latch motion, always leaves a free hand to steady work piece.
