

ROUND CEILING DIFFUSER (RDA)

Affordable, quiet and aesthetically pleasing, the RDA is the choice for large open areas where directional throw flexibility is needed.

Adjustable Round Ceiling Diffuser (RDA)

Overview

Shoemaker's RDAs are new and improved. They come with a 2" collar and the flexibility afforded by an adjustable 3 cone configuration. The RDA is available within our standard 8 -10 day delivery or can be expedited. The RDA is independently tested and meets the performance standards set by ASHRAE 70.

Benefits

- High performing and quiet
- Aesthetically pleasing
- Versatile airflow capabilities
- Removable core for ease of installation and damper balancing

Typical Uses

Large open areas such as restaurants, convention centers, commercial lobbies. Can be used in exposed duct designs or hard lid ceilings.
